For our new clients

Access to your company's official mailbox

To deal with the Hungarian authorities on your company's behalf, we need access to its official electronic mailbox, called the **Company Gate** (Hungarian: *Cégkapu*). This guide asks a few short questions and then shows you exactly what to do.

What is the Company Gate?

- It has been mandatory for every Hungarian company since 2018.
- The tax authority (NAV), the court of registration and other authorities send their letters here. Almost all of the company's official correspondence happens here, so someone needs to check it regularly.

Client Gate+ (Hungarian: Ügyfélkapu+)

- This person needs a Hungarian electronic identification: **Client Gate+** (a username, a password and a code from an authenticator app on your phone) or the **DÁP** mobile app.

> **Foreign citizens can also apply for Client Gate+. The DÁP app, however, is mainly available to Hungarian citizens, so as a foreign citizen, Client Gate+ is the way to go.**

What do we ask of you?

Add us to the Company Gate as **case handlers** (*ügykezelő*). This lets us receive the company's letters from the tax authorities, act on the company's behalf before the tax authorities when needed, and tell you what to do whenever your decision or input is required.

Why is this good for you?

For matters related to our services, we become your company's contact with the tax authorities. You don't have to deal with Hungarian official correspondence: we keep an eye on what arrives and only contact you when we really need you.

Company Gate administrator (Cégkapu-megbízott)
Registers the Company Gate and manages access to it. We do not take on this role: it is held by you or by a lawyer you appoint.

Case handler (ügykezelő) That's us
Has access to the company's official letters and handles matters with the authorities.

Which route is yours?

Does the company's managing director have Client Gate+ or DÁP access?

Yes

Already has Client Gate+

You register the Company Gate and add us as case handlers.

Steps: page 2 →

No / not sure

A Your own Client Gate+

ADVANTAGE
Free of charge. You keep direct control of the company's mailbox.

WHAT TO EXPECT
You need to book an appointment and go in person.

Steps: page 2 →

No / not sure

B A lawyer does it for you

ADVANTAGE
No travel and no appointment needed.

WHAT TO EXPECT
Lawyer's fee. You need to sign a power of attorney.

Steps: page 2 →

Your steps, route by route

Already has Client Gate+

- [ ] **1. Log in on the Company Gate registration page**
  Log in with your Client Gate+ or DÁP details.
- [ ] **2. Register the Company Gate for your company**
  Select the company's legal form and enter its details. The system checks them against the company register. This makes you the **Company Gate administrator**.
  If the company already has a Company Gate, skip this step.
- [ ] **3. Add us as case handlers**
  Beállítások (Settings) → select the company → Ügykezelő regisztrálása (Register case handler)
  We send the details of the colleagues to be added as case handlers in the attached Excel spreadsheet.
- [ ] **4. Let us know**
  We accept the invitation and confirm that everything is in order.

A) Your own Client Gate+

- [ ] **1. Book an appointment**
  In Hungary at any government office (kormányablak); abroad at the Hungarian embassy or consulate in your country.
- [ ] **2. Bring with you**
  - EU/EEA or Swiss citizens: a valid **passport or national ID card**
  - Other citizens: a valid **passport**
  - An **email address** you check regularly
  - Your smartphone
- [ ] **3. Turn on two-step login**
  Your Client Gate account is created on the spot. At home, install an authenticator app (for example Google Authenticator or Microsoft Authenticator) and turn on **Client Gate+** login (in Hungarian: *Ügyfélkapu+*).
  The DÁP mobile app is generally not available to foreign citizens, and you cannot register for it at an embassy or consulate.

Then follow the steps in the "Already has Client Gate+" column.

B) Lawyer route

- [ ] **1. Ask us for a lawyer's contact details**
  Reply to the person who sent you this guide and ask for the contact details of a lawyer we work with.
- [ ] **2. Sign the power of attorney**
  The lawyer prepares the power of attorney and tells you how to sign it and which documents to send.
- [ ] **3. The lawyer registers the Company Gate**
  They act as the **Company Gate administrator** and add us as case handlers.
- [ ] **4. We accept the invitation**
  and confirm to you that everything is in order.

What do we provide?

We send the details of the colleagues to be added as case handlers in a separate **Excel spreadsheet**, attached to this guide.

Any questions?

Reply to the person who sent you this guide and we will be happy to help.
